Capo 1

Intro: C#m – A – B – E – E/Eb (x3)

Verse 1

```
      C#m                    A
You say good morning and good evening
       B                              E       E     E/Eb
The day is done and you've come to find
      C#m                    A                   B
The words are fleeting; I hear your quiet breathing
                    E       E/Eb     C#m – A – B – E – E/Eb(x2)
Is something wrong?
```

Verse 2

```
      C#m                            A
You come on two knees with more than two needs
 B                  E       E/Eb  C#m                    A
Finding that it's all too easy to be helped and found
       B                E
You slept and He said
```

Chorus

```
        A – B   C#m
It is in you to carry on
        A – B  C#m
It is in you to lay down fears that hold
        A – B   E    E/Eb  C#m  B  A
It is in you to find your way home
```

Verse 3

Daylight's coming, the sun is blazing
New beginnings seep into you
But in the end it's distance shadows
That finally overwhelm your senses
And this time around is it love that you crown?
And this time around you'll be more than who you are

Bridge

```
              A                   E     B
Could you find yourself a way home (x4)
```
